## Trucks Silver $33.98 pair, Colored $37.98 pair (unless otherwise noted)

Trucks come in various heights and widths. Truck axle width should be closely matched to your deck width—or at least within 1/4 inch. Truck heights only differ by about 1/4 inch. If you use bigger wheels then you should either use higher trucks, risers, or both to avoid wheelbite (contact of wheel with deck).

## CONTENT SHOCK?

We do our best to try not to carry graphics and designs that may be offensive to anyone. However, skateboarding has always celebrated the individual and non-mainstream ideas. Please keep this in mind when looking through the catalog. We have tried to provide many choices in each product category so you can find something appropriate for you. If you have any questions on a graphic or design, call our sales staff. We'll be glad to help you.
